1. Product description

Hygeco offers a mobile preparation table that is ergonomic and suitable for use in the post-mortem preparation room. It is made of a curved stainless-steel worktop with a drain and a PVC tube. It can be dismantled and transported easily if necessary. The table is large enough for comfortable use.

The high stability of the table is ensured by four legs. The worktop is equipped with raised edges to keep any liquid residues on the worktop.

Available options: bucket with a cover adapted to the drain pipe, table made of stainless steel 316 L and others listed in **paragraph 3**.
